It's getting detailed...

It may be implicit...

Detailed data

These graphs show detailed data for your chosen hub/sensor. The **upper larger graph** gives a detailed view of energy use in a particular time window; the **lower smaller graph** gives a less detailed view of *all* energy use since the hub/sensor was commissioned. Drag the pink shaded area in the lower smaller graph to shift the time window, or click and drag elsewhere within the lower graph to create a new time window.
